Series 8500 Replacement Double Hung Window

Enhance the look and value of your home with our premium double hung replacement window. In addition to beauty, the Series 8500 Double Hung offers a lifetime of energy savings and low maintenance convenience. This remarkably sturdy window is built to last and is backed by our **Limited Lifetime Warranty**.

A commercial version of the 8500, known as the Series 8520, is also available for light commercial and commercial applications. Tested to a commercial rating of DP-50, critical areas of the window are reinforced to withstand the added stresses of these applications.

Superior Energy Savings: Energy efficient 7/8" insulated glass for year-round comfort and energy savings. Dual weatherstripping provides an energy efficient, virtually weather-tight seal. ENERGY STAR® qualified in all 50 states with optional LoE² Glass.

Built Tough to Last: Fusion-welded vinyl construction creates a strong, durable, weather-tight window. Tested and certified to withstand extreme weather conditions, the Series 8500 carries a design pressure rating of 45 on our most popular sizes. Our Limited Lifetime Warranty assures that your windows will provide energy efficient, reliable performance for as long as you own your home.

Enhance Your Home: The Series 8500's attractive colonial exterior profile and design options allow you to create a window that will complement the unique look of your home. Choose from several color options and grille patterns to create windows that will beautifully define your home.

Low Maintenance Design: Vinyl windows never need painting. The color is consistent throughout the vinyl, making scratches virtually invisible. Tilt-in sashes make cleaning a breeze, and our constant force balance system means your windows will open and close easily for a lifetime.

Limited Lifetime Warranty

Top and bottom sashes tilt in for easy cleaning from inside the home

Glass Options

Silver Line® offers several types of glass for just about any requirement. From energy savings, to sound control, to privacy, one of our many choices is sure to meet your needs.

Energy Saver LoE² Glass - Reduces heating and cooling costs, while keeping your home more comfortable all year long. Also reduces fading to window treatments, furniture and floor coverings caused by harmful UV rays.

Other Glass Choices Include:

- Tempered Glass
- Tinted Glass
- Obscure Glass
- Laminated Glass
- LoE² Glass/Argon Gas

Grille Options

Maintenance Free Grilles - Grilles are sealed inside the glass unit, providing the look of muntins without the difficulty of cleaning them. Choose from two different grille types: flat or contour grilles. Several grille patterns are available, including Colonial, Prairie and Diamond patterns.

Colonial

Prairie

Diamond

Color Options

All Silver Line vinyl windows are available in white and beige. The color is consistent throughout the vinyl window frame and sash, making scratches virtually invisible.

White

Beige

For color matching purposes, request a color chip. Colors reproduced as closely as printing will allow.

When Shopping For Windows, Look For . . .

Windows that have earned the ENERGY STAR®. These windows are deemed to be energy efficient by the US Department of Energy.

The Series 8500 Double Hung Window with optional LoE² Glass is ENERGY STAR qualified in all 50 states.

NFRC MFG CODE: SIL Series 8500 Vinyl Double Hung Window 7/8" Insulated Glass			
ENERGY PERFORMANCE RATINGS			
U-Factor (U.S.A.P.)	Solar Heat Gain Coefficient		
0.48	0.60		
ADDITIONAL PERFORMANCE RATINGS			
Visible Transmittance	Air Leakage (U.S.A.P.)		
0.63	0.1		

The NFRC label provides the U-Factor and Solar Heat Gain Coefficient ratings of a window. The lower the U-Factor, the more you'll save on heating bills. A low SHGC rating will help save on cooling costs.

The Series 8500 Double Hung Window has been tested and certified to NFRC standards for energy efficiency.

Glass Type	Residential		Commercial	
	U-Factor	SHGC	U-Factor	SHGC
Clear	0.48	0.60	0.48	0.60
LoE ²	0.35	0.32	0.35	0.32
LoE ² /Argon	0.32	0.32	0.32	0.32

AAMA is a nationally recognized authority, developing voluntary standards to test and validate the structural performance of windows, doors and skylights.

The Series 8500 has been tested and certified to AAMA design pressure (DP) standards. The higher the DP rating, the stronger the window.

Window Size	Residential DP-Rating	Window Size	Commercial DP-Rating
44" x 62"	DP-45	48" x 72"	DP-50
48" x 80"	DP-30	54" x 90"	DP-30
